

KOMPLETE x LFG DUBAI
COACHING PLATFORM PROPOSAL

PRIVATE · PREPARED FOR AHMED SAM · JULY 2026

THE LFG COACHING PLATFORM.

The system that turns your 1,783-person community into a coaching business built to do **AED 109,000 a month**. This is what we build, how it works, and what it makes you.

YOU ALREADY BUILT THE HARD PART.

Building a large, trusting, affluent audience is the slow, expensive part of any business. You have done it. The only thing missing is the machine to turn it into real coaching revenue.

1,783

WARM MEMBERS IN THE COMMUNITY

888

CHECK-INS IN THE PEAK MONTH (MAY 26)

27

MEDIAN AGE, 88% UNDER 35

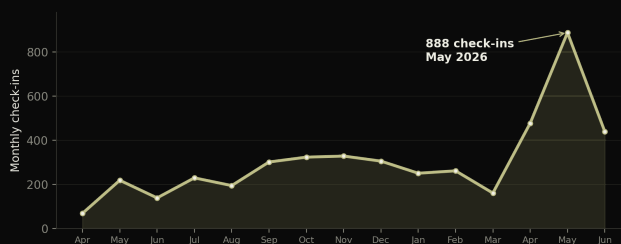

69%

EMPLOYED PROFESSIONALS

A CROWD THAT ALREADY PAYS

In its first month live, the platform collected **AED 13,487** from 110 payments at a 93% attendance rate. Members pre-buy credits (217 banked and unused). The demand is proven. The audience is professional: sales leaders, engineers, architects, finance, **15 CEOs and 12 founders**.

This is the exact buyer for premium coaching: young, employed, time-poor, and willing to pay to remove effort.

YOU CANNOT RUN THIS ON WHATSAPP.

The audience is ready. The offer is not, and there is no system to run it. Coaching today is a manual, one-at-a-time job priced below the market floor. That ceiling is not your skill. It is the absence of a platform.

PRICED BELOW THE FLOOR

AED 3,000 for 3 months is AED 1,000/mo, cheaper than an app charges for an automated plan in Dubai. Online coaching here starts at AED 1,500–3,000/mo; Embody runs AED 6,000–7,000; Ultimate Performance around AED 15,000.

NO RECURRING REVENUE

Almost all income is one-off AED 100 drop-ins. Nothing renews, nothing compounds, and there is no membership to build a predictable base.

NO WAY TO ASCEND THE LIST

1,783 people trust you and there is no system to move them from free run, to challenge, to coaching. The warm audience sits unmonetized.

IT DOES NOT SCALE BY HAND

Programs, check-ins, payments, reminders and progress tracked manually cap you at a handful of clients and burn you out. You cannot grow coaching on spreadsheets and DMs.

You do not have a coaching problem. You have no coaching machine. That is exactly what we build.

THE LFG COACHING PLATFORM.

One system, on your own brand, that runs every part of a modern coaching business: sells the programs, takes the money, delivers the coaching, keeps clients accountable, and shows you the numbers. Built on top of the LFG platform you already own, so the whole community feeds it.

- **It sells for you.** Programs, cohorts and challenges with checkout, so people buy without a single DM.
- **It delivers for you.** Client profiles, plans, check-ins and progress in one place, not scattered across chats.
- **It keeps them.** Accountability, streaks and reminders that make premium clients finish and renew.
- **It grows itself.** Every runner and buyer is captured and ascended up the ladder, automatically.
- **It reports to you.** Revenue, clients and lifetime value on one screen. You read the story, not the spreadsheet.

Your clients, your data, your brand. A coaching business that runs without you at the keyboard.

SIX MODULES. ONE MACHINE.

Every part of the coaching business, built as one connected system.

01 · PROGRAMS

COACHING ENGINE

1:1 programs and small-group cohorts with start dates, capacity, plans and per-client tracking. The core of the coaching product.

02 · CHALLENGES

CHALLENGE LAUNCHER

Dated 6-week challenges with checkout and rosters, your low-cost front door that turns a member into a buyer.

03 · BILLING

MEMBERSHIPS & PAYMENTS

Recurring AED 400/mo membership and program payments through Stripe. Money lands in your account, renewals run themselves.

04 · RETENTION

ACCOUNTABILITY

Check-in, streaks, progress and reminders. The behaviour that makes premium programs deliver results and renew.

05 · CRM

THE WARM LIST

Every runner, member and buyer captured and synced to GoHighLevel, tagged and ready to sell to. Your 1,783 become a real asset.

06 · OWNER

THE COCKPIT

Revenue, active clients, lifetime value, lapsed-member alerts and a monthly report. Full view of the business at a glance.

The community earns the trust. The offers set the price. The platform does the work.

TWO WAYS TO BUILD IT.

One question shapes everything: should coaching live on its own separate site and brand, or inside the LFG platform you already have? Both work, and we can build either. Here is how each plays out so you can choose.

OPTION A

A SEPARATE COACHING BRAND

Coaching gets its own name, domain and login, standing apart from the run club.

ADVANTAGES

- Clean, standalone premium positioning, not tied to a free run club.
- Becomes its own asset you could grow or sell separately later.
- Freedom to target a different audience beyond the LFG crowd.

DISADVANTAGES

- You start the audience from zero, the 1,783 do not flow in.
- A second brand and login for members to learn and trust.
- Data and CRM split across two systems; slower and costlier to build and run.

OPTION B

BUILT INSIDE LFG

Coaching lives in the LFG platform with its own dedicated **/coaching** space, on one engine.

ADVANTAGES

- The 1,783 members flow straight into coaching, no rebuild.
- One account, one brand they already know; cross-sell on rails.
- One list and CRM; faster to launch and cheaper to run.

DISADVANTAGES

- Coaching shares identity with the free run-club brand.
- Harder to spin coaching out as a fully separate business later.
- Premium tier leans on LFG's positioning rather than its own.

Either way it runs on the same engine we build. The choice is positioning: a standalone coaching brand, or coaching powered by the community you already own. We will build whichever you decide.

THE PLATFORM RUNS EVERY RUNG.

The growth does not come from working harder. It comes from a ladder the platform runs for you: each step is a small yes that pre-qualifies the next. Your free run club stays exactly as it is, the lead magnet that feeds everything.

- **Free run club.** The 1,783 warm list, captured by the CRM module.
- **Membership, AED 400/mo.** Recurring income, billed automatically. A relationship, not a drop-in.
- **6-week challenge, AED 300–500.** The tripwire, launched and sold by the challenge module.
- **Small-group coaching, AED 3,500–5,000.** The scale engine, run by the program module.
- **Premium 1:1, AED 8,500–15,000.** Capped, the anchor, delivered and tracked in-platform.

AED 400

MEMBERSHIP, RECURRING
BASE

AED 4k

SMALL-GROUP, THE PROFIT
ENGINE

AED 8.5k+

1:1, THE PREMIUM ANCHOR

CHARGE AED 8,500. MAKE IT FEEL CHEAP.

The platform lets you retire "3-month coaching" and sell a named program with a stacked value and a real guarantee. The buyer stops comparing you to a gym and starts comparing your price to the value in front of them.

THE 90-DAY TRANSFORMATION PROTOCOL

WHAT IS IN IT	VALUE
12 weeks 1:1 programming + weekly adjustments	AED 6,000
Done-for-you meal plans via WhatsApp	AED 2,000
Body-composition scans (start / mid / end)	AED 900
Daily WhatsApp accountability	AED 3,000
Private run-club perks + community	AED 1,000
Total stacked value	AED 12,900
Your price	AED 8,500

THE GUARANTEE THAT CLOSES

"Follow the protocol, hit your sessions, log your meals, show up to check-ins, and if you do not see a measurable body-composition change in 90 days, you train with me free until you do." Conditional on effort, so it removes the buyer's risk without exposing your cash flow.

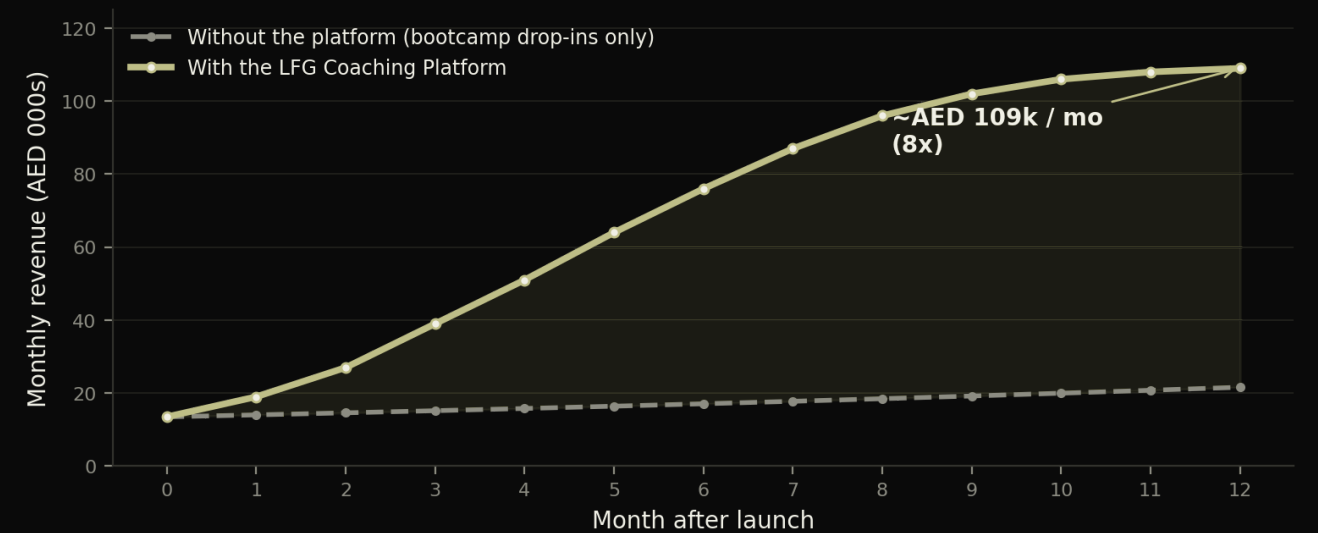

THE PLATFORM RUNS IT

Checkout, capacity caps, client plans, check-ins and progress are all handled in-platform. Real scarcity ("3 spots open") is enforced by the system, not a fake timer your community would smell.

Make the offer so good they feel stupid saying no.

FROM AED 13K TO AED 109K A MONTH.

No new audience required. The same 1,783 people, moved up the ladder by the platform. Conservative take rates on the community you already have reach roughly **8x** today's revenue within a year of launch.

The AED 109k / month the platform is built to produce

REVENUE STREAM	ASSUMPTION	MONTHLY
Bootcamp membership	100 members x AED 400	AED 40,000
Small-group coaching	3 cohorts x 10 x AED 4,000 / qtr	AED 40,000
Premium 1:1	6 clients x AED 8,500 / qtr	AED 17,000
Bootcamp drop-ins	current run-rate	AED 12,000
Total monthly	~8x today	AED 109,000

WHY THE PRICE GOES UP.

Raising the price is not squeezing people. It is what lets you over-deliver and stop chasing 30 clients at once. The platform makes the premium price credible: named programs, scans, tracking and a real guarantee.

MODEL	PRICE / 3 MO	CLIENTS FOR AED 90K/QTR	DELIVERY LOAD
Current offer	AED 3,000	30	Brutal, unscalable
Repriced program	AED 8,500	~11	Manageable, premium
Premium 1:1	AED 15,000	6	Light, white-glove

THE VIRTUOUS CYCLE

Higher price, more committed clients, better results, stronger testimonials, easier next sale at a higher price. The platform captures the proof that fuels it.

SMALL-GROUP IS THE ENGINE

Three cohorts of 10 at AED 4,000 is AED 120,000 a quarter from about nine hours a week, and results often improve because the group holds each other accountable. The platform runs all three at once.

LIVE IN TWO WEEKS.

Built fast so revenue starts almost immediately. You stay on the field. We build, test, deploy and maintain.

DAY 1–7 COACHING CORE LIVE

The 1:1 and cohort program system, client profiles, payments and the branded coaching space. You can sell and deliver premium coaching by the end of week one.

DAY 8–14 THE REST OF THE MACHINE

Membership billing, the challenge launcher, accountability (check-in, streaks, progress), CRM sync and the owner dashboard. The full 1,783 list consolidated and broadcast-ready.

LIVE LAUNCH

The platform is live on your domain, taking payments and running the ladder. First challenge or cohort can open the same week.

ONGOING CARE

Hosting, monitoring, fixes, new features, lapsed-member alerts and the monthly owner report. The system stays fast, live and current.

Komplete builds, tests, deploys and maintains everything. You run your coaching. The system runs the business.

LET'S BUILD THE MACHINE.

You did the hard part already. You built a community almost nobody manages to build. The plan from here is not more work on the field, it is the machine that turns that community into a coaching business, built on your own brand.

WHAT YOU GET

- The full LFG Coaching Platform, all six modules, live in two weeks
- Coaching programs, cohorts and the challenge engine
- Membership + payments + accountability + CRM + dashboard
- A branded coaching space on your own domain
- Built, tested, deployed and maintained by Komplete

The build pays for itself with a single premium client. The full numbers, in our walkthrough.
