

PREPARED FOR AHMED SAM · LFG DUBAI

OWN YOUR BOOTCAMP. OWN YOUR MEMBERS.

A complete booking, payment, and membership system built into your own website. Your clients, your data, your brand. No third-party platform holding your community hostage.

— THE SITUATION

Right now your bootcamp runs through a third-party platform. It works, but every member you sign up, every contact, every bit of history sits inside **their** system, not yours. You built the brand. You built the community. You show up every Sunday. Yet the customer list belongs to someone else.

The day they change their terms, raise their cut, or kill a feature, you have no say. You are renting access to your own people.

This proposal hands all of it back to you, inside the LFG website you already own.

— WHAT GETS BUILT

A full operating system for LFG bootcamps and membership, on your domain.

BOOTCAMP BOOKING ENGINE

Members pick a Sunday session and reserve directly on lfgdubai.com. Live capacity, sold-out states, automatic session rollover.

SECURE PAYMENTS

Card, Apple Pay, and Google Pay through Stripe. Money lands straight in your account. No platform between you and your revenue.

MEMBER ACCOUNTS

Every booker gets an account. See who they are, what they've paid, and how often they show up. On the LFG brand, not a generic portal.

LFG MERCH STORE

Sell tees, caps, and gear on your site with the same checkout. A new revenue stream you aren't running today, live from day one.

— THE OWNERSHIP DASHBOARD

Bonuses included at no extra cost. This is what makes LFG yours.

— HOW WE WORK

BUILT IN PHASES

Booking, payments, and accounts launch first so you can drop the third-party platform fast. Merch, GHL sync, and check-in follow within weeks. All included.

YOU STAY HANDS-OFF

Komplete builds, tests, deploys, and maintains everything. You run your bootcamps. The system runs itself in the background.

— INVESTMENT

One flat monthly fee. Everything above included.

FOUNDING CLIENT RATE

AED 500 / month

No setup fee. No upfront cost. **The entire build is included.**

- ✓ Bootcamp booking + payments
- ✓ LFG merch store
- ✓ GoHighLevel auto-sync
- ✓ Lapsed-member win-back list
- ✓ Hosting, support & updates
- ✓ Member accounts + dashboard
- ✓ Full member list + export
- ✓ QR check-in + attendance
- ✓ Monthly owner report
- ✓ Phased build, fully managed

WHAT'S NOT INCLUDED

Stripe's standard processing fee (around 3%) is billed by Stripe directly to your account, the same as any card payment anywhere.

THE TERMS

12-month agreement at a flat AED 500/mo. No increases, no hidden costs. The founding rate stays locked as the first LFG build.

— THE FOUNDING DEAL

This rate exists because LFG is the first build of its kind for Komplete, and I want it to be the example I show every gym and studio after you. In exchange, the ask is simple: **when the system is live and working, you give me a short testimonial and an introduction to two other owners** who could use the same.

That is the whole trade. You get a complete system at a number that barely moves from what you spend today. I get the proof. Both of us win.

— NEXT STEP

Reply to lock the founding rate, or grab 20 minutes this week and I'll walk you through the live dashboard.

Once you say go, the first phase is live and taking bookings within weeks.
