

WEBSITE OWNER'S MANUAL

RUN THE WHOLE CLUB FROM ONE SCREEN.

Your new website is a full membership, booking and points platform.
This guide shows where everything lives and how to run it.

WELCOME TO YOUR NEW ENGINE.

Until now, the LFG website was a beautiful brochure. People looked, then messaged you. Everything after that lived in your head, your phone, and a spreadsheet.

The new site does the work. A runner finds you, registers in 30 seconds, books a Sunday bootcamp and pays online, gets their own account, earns points every time they show up, and checks in at the run with a QR code. You see all of it, live, from one admin screen.

This manual walks you through both sides: what your members experience, and how you run the whole thing. You do not need to be technical. If you can use Instagram, you can run this.

HOW TO READ THIS

Part 1 is what your members see. Part 2 is your admin portal, screen by screen. Part 3 explains the new points system. Part 4 is a quick how-to playbook for everyday tasks. Keep it on your phone.

01 • WHAT CHANGED, AT A GLANCE

01 MEMBER ACCOUNTS

Every runner gets a real account they log into with Google or email. No passwords to manage.

02 ONLINE BOOKING & PAY

Members book a Sunday and pay by card without leaving the site. Credits land automatically.

03 RUN REGISTRATION

The Wednesday run form is built in. Every sign-up becomes a member you can reach.

04 QR CHECK-INS

One QR at the run, one at bootcamp. Members scan, you see who showed up live.

05 POINTS & LEADERBOARD

Points for every run and bootcamp. A public board that keeps people coming back.

06 OWNER COMMAND CENTER

Revenue, members, schedule, rosters, leads and promo codes in one admin portal.

PART 02

THE MEMBER EXPERIENCE

This is what a runner sees. Five screens take them from never-heard-of-you to checked-in regular.

THE HOME PAGE

The front door. Cinematic, fast, built for phones. The three buttons send people exactly where you want them: join the next run, book a bootcamp, or enquire about private coaching. A profile icon, top-right, takes existing members to their account.

HOME PAGE · THE FIRST IMPRESSION AND THE THREE ENTRY POINTS

BOOKING A BOOTCAMP

The Sunday bootcamp page is built to convert. A runner picks a date, picks a single session or a credit pack, and pays by card in a window that stays on your site. The moment the payment clears, their credits are added and their spot is booked. No DMs, no manual tracking, no chasing payment screenshots.

IN-PAGE CARD PAYMENT

Powered by Stripe, embedded inside your own page. Members never get bounced to a scary external link, which is exactly why more of them finish paying.

- › **Single session** or a **4 / 8 / 12 credit pack**, your prices.
- › Credits never expire silently. Each pack carries its own validity.
- › A booking confirmation and calendar invite are emailed automatically.
- › Referral codes give both people 15% off at checkout.

WHY THIS MATTERS

Every booking is money in the bank before the session, and a spot you can count. You walk into Sunday knowing exactly who is coming and that they have already paid.

THEIR ACCOUNT & THE LEADERBOARD

Once someone joins, they get a personal account. It shows their credits, sessions attended, their current points, upcoming bookings and a referral code. It installs to their phone home screen like a real app. The leaderboard turns showing up into a competition.

CHECKING IN AT THE RUN

You print one QR code and hold it up at the run. Runners scan it with their phone. If they have an account they are checked in instantly and earn their points. If they are brand new, the same scan walks them through a 20-second sign-up, then confirms them on the spot. The QR is smart: the same code works every Wednesday and Saturday, and the system knows which run is live.

NO ACCOUNT? NO PROBLEM

A new runner who scans gets signed up and checked in in the same flow, and lands in your member list automatically. That is how a stranger at the run becomes a contact you can nurture toward a paid bootcamp.

- › Check-in only works **at the run**, from 90 minutes before to a window after the start.
- › Scanning twice never double-counts.
- › Every check-in is **10 points** toward the leaderboard.

WHAT A RUNNER SEES WHEN THEY
SCAN

A wide-angle photograph of the Dubai skyline at night, featuring the Burj Khalifa and other skyscrapers reflected in the water. The sky is dark with some clouds, and the city lights are visible.

PART 03

YOUR ADMIN PORTAL

This is your command center. Seven tabs run the entire club. Here is how to get in and what each one does.

GETTING IN

- 1 Go to **lfgdubai.com/admin.html** on any phone or laptop.
- 2 Sign in with the **Google account** we marked as owner. Only that account sees the portal.
- 3 You land on **Today**. The tabs run down the left: Today, Overview, Bootcamp, Members, Schedule, Runs, Promo codes.

TIP

Add the admin page to your phone's home screen once. From then on it opens like an app, and you can run check-ins, mark attendance and award points from the floor.

TODAY TAB

Your morning glance. Everything that needs you right now: this week's revenue and new members, your no-show rate, runners who have never tried a bootcamp, the next session's live check-in count, and which upcoming Sundays are filling slowly so you can push them.

ADJUSTING CREDITS & AWARDING POINTS

Two simple pop-ups, opened from any member row. **Adjust credits** comps or removes bootcamp credits (a rained-out session, a cash payment, a friend's first one). **Award points** gives leaderboard points for effort at bootcamp. Both ask for a reason and keep a record, so you always know who did what.

GOOD TO KNOW

Awarding points never charges anyone and never touches their credits. Points are purely for the leaderboard. Credits are what they pay for and spend on bookings. They are two separate things.

SCHEDULE TAB

You control the calendar here, and the website updates instantly. Set the Wednesday run's time and location, switch the Saturday run on or off, set the bootcamp date and time, and set each Sunday's capacity and number of stations. Change the run time here and the registration form, the check-in window and the leaderboard all follow automatically.

BOOTCAMP TAB

Run the Sunday itself. Print the **bootcamp check-in QR** for members to scan on arrival, upload the session's group photo (it appears on the public bootcamp page), and see who is booked. When a booked member scans that QR, they are marked **attended automatically** and their 20 points land on their own. THE POINTS SYSTEM

Points turn showing up into a game. The more someone trains with you, the higher they climb. It runs quietly in the background and keeps people coming back.

10 POINTS PER RUN

Every Wednesday or Saturday run a member checks into, automatically.

20 POINTS PER BOOTCAMP

Every Sunday bootcamp they scan into, automatically.

+ YOUR BONUS POINTS

You add extra points by hand for effort, PBs or whatever you want to reward.

= THE LEADERBOARD

Everything adds up on a public board. Members see their rank and chase the next one.

THE FORMULA

Total points = (runs × 10) + (bootcamps × 20) + your bonus points.

THE PRIZE ANGLE (KEEP THIS TO YOURSELF)

Members do not need to know there is anything at the end. Run it as bragging rights. When you are ready, reward the top of the board with a prize and watch attendance jump. The points have been quietly counting the whole time.

EVERYDAY HOW-TO

MARK ATTENDANCE BY HAND (ONLY IF THEY DIDN'T SCAN)

- 1 Scanning the QR already marks people attended. Use this only for someone who didn't scan.
- 2 Open **Bootcamp** tab, find them on the roster.
- 3 Tap **attended**. Their 20 points land.

AWARD BONUS POINTS

- 1 Open **Members**, find the person.
- 2 Tap **+ Points**.
- 3 Type the number, add a note, **Award**.

COMP A CREDIT

- 1 Open **Members**, find the person.
- 2 Tap **Adjust**, set the amount.
- 3 Add a reason, **Apply**.

CHANGE A RUN TIME

- 1 Open **Schedule**.
- 2 Set the new day, time or location.
- 3 Save. The whole site updates.

CHASE A LEAD ON WHATSAPP

- 1 Open **Runs**, scroll to leads.
- 2 Tap the **WhatsApp** button by their name.
- 3 The message is pre-written. Send.

PRINT YOUR QR CODES

- 1 Run QR lives in **Runs**.
- 2 Bootcamp QR lives in **Bootcamp**.
- 3 Print once, reuse every week.

YOUR WEEKLY RHYTHM

You do not need to live in the admin portal. A few small habits keep the machine running and the money flowing.

EVERY MORNING · 30 SECONDS

Open **Today**. Glance at revenue, new members and which Sundays are filling slowly.

AT EVERY RUN

Hold up the **run QR**. Let new faces scan and sign up on the spot. They are now in your list forever.

EVERY SUNDAY

Open **Bootcamp**, let members scan the bootcamp QR, mark attendance, upload the group photo, award bonus points to anyone who earned it.

ONCE A WEEK · 5 MINUTES

Open **Runs**, work the **leads** list. One tap each on WhatsApp turns runners into paying bootcampers. This is where the revenue is.

THE ONE HABIT THAT PAYS

Working the leads list every week is the single highest-value thing you can do in here. Those runners already trust you. They just have not booked yet.

NEED A HAND?

Anything that does not look right, anything you want changed, or a new idea for the site, message your team at Komplete. We built it, we maintain it, and we are one message away.

BUILT TO GROW WITH YOU.

Your website is no longer a brochure. It is the engine of the club: it finds runners, books them, takes payment, keeps them coming back, and shows you everything. Run it with confidence.
